For the kinderhotel.info Award 2026, the criteria of facilities, service and guest opinions of 700 family hotels were evaluated in detail. The final ranking is based on the total number of points for all factors. The ratings of the kinderhotel.info users as well as the 3 major rating portals Google, TripAdvisor and HolidayCheck are included in the ranking. A special feature is the self-developed "no-fake factor", which relates the number of bad reviews of each hotel to the number of its rooms. This value cannot be distorted by the hotel operators marketing.
